

CERTIFIED BUILDING SERVICE EXECUTIVE CBSE RE-REGISTRATION EXAM

MAINTAINING RE-CERTIFICATION

Each Certified Building Service Executive (CBSE) is required to accumulate 40 professional credits every three (3) years to maintain the CBSE designation.

Professional credits are given for involvement in various activities related to the building service contracting industry. The credit-value for activities is assigned by the BSCAI Certification Board, which oversees the Certification Program.

Professional credits for re-certification may be accumulated anytime from the date of certification or the last re-certification date. All creditable activities recognized by the Certification Board are listed in this re-certification form. After accumulating the necessary 40 credits, all CBSE's must complete a copy of this form and submit it along with the fee of \$250 to the Certification Department at BSCAI headquarters. Completed forms must be received at BSCAI headquarters via email to certification@bscai.org.

LIFE CERTIFICATION

A CBSE who has reached age sixty-two *and* has renewed their CBSE certification at least two times is certified for life. No further reporting is necessary except to notify, in writing, the Certification Department of meeting the age requirement. Please send notifications to certification@bscai.org by June 30, 2026.

PROCEDURES

It is the responsibility of the CBSE designee to ensure that he or she meets the **June 30** deadline and completes all re-certification requirements. Upon verification of the professional credits and upon receipt of the \$250 re-certification fee, new certificates will be issued. Please allow up to 30 days post renewal period (June 30) to receive a new certificate.

FEES

The fee for each three-year renewal period is \$250. The fee can be paid by check or by credit card by logging onto <http://www.bscai.org> and visiting your individual profile.
