Complete Management Software

eUnify Accounting

uManage

eUnify Portals

eUnify is a single package solution including **Accounting:**

- Bank Integration
- AR/AP/GL
- Reporting
- Statements
- Delinquency Processing

We also offer integration with the following accounting titles: C3, Jenark, QuickBooks, TOPS and VMS

uManage is designed specifically for Property Managers and supports core functions:

- **Violations:** Capture and track w/ pictures, generate letters + fines, send email notifications

- **Work Orders:** Track + dispatch work orders internally or to the vendor

- **Architecturals:** Submit ARC requests, track progress + approvals

eUnify Portals are interactive safe + secure, easy-to-use community sites.

- Custom Branding
- Integration
- Online Payments
- Reduced Calls
- Quick + Easy Updating
- Document Repository
- Access to info 24/7
