WHO WE ARE

With over 30 years of industry experience, MPS Financial is one of the largest and most respected financial “accounting arms” to Small Business Professionals, Bankers, Community Association and Property Management companies, Self Managed HOAs, and Chapter 13 Bankruptcy Trustees.

We are committed to outstanding customer service. We are proud that our clients are free to focus on growing their business, while confidently leaving the paperwork to us.

WHY MPS

TECHNOLOGY

Seamlessly interfacing our service with your needs is a priority to MPS Financial. That's why MPS has spent years developing proprietary software that assists our clients with handling their financials in an easy-to-use and secure environment similar to those used by well known banks and major stock brokerage companies.

VALUE

MPS provides quality and affordable services that provide clients the opportunity to use employee resources to build their businesses – leaving the paperwork to MPS.

TRANSPARENCY

MPS clients value our commitment to being the “secret weapon” for their business – keeping their customers' financials in order, while ensuring that their company's proprietary information be kept confidential.

EXPERIENCE

MPS Financial has well over 30 years experience in the field with a reputation of integrity, accuracy and confidentiality.

FLEXIBILITY & ACCURACY

Every client's needs are unique and require flexibility. With integrity as the center point of our business, we consistently and accurately provide cost-effective financial services to our distinguished and unique list of clients.

We have been a client of MPS since 1995 due to their outstanding customer service and support. I would highly recommend their services to any community association management company or any independent community association.

*Patrick S. Campbell, President
Curtis Management Company*

[MPS] has been responsible for handling all of the accounting, deposits, bill paying and data process services connected with the management of our properties. I would highly recommend them to anyone looking for assistance with their accounting and data processing needs.

*Nancy Schaaf, CPM, President
Preferred Real Estate
Management, Inc.*

CLIENT TESTIMONIALS

Having had MPS as our financial arm for the last 19 years was the best move we could have made. They get to know our clients' special needs and have been on top of the many details and changes that we have during the month. We have grown to be very dependent on MPS and think of it as an integral part of our success and longevity.

*Emily Benedick
Premier Property Management*
