

Serving Homeowners Association Communities
throughout Northern California

We understand that associations are made up of individuals whose homes reflect a significant investment, and we strive to provide a product they can all be proud of.

Construction Services

Axis has worked with associations to meet their construction and repair needs for 25 years.

Maintenance Services

We know how critical those day-to-day repairs are, and have a highly competent maintenance team to fix those decks, balconies, railings and stucco surfaces that need to hold up to the weather every day.

Painting Services

Our staff of seasoned painting professionals can meet all your painting needs. From minor maintenance to repainting your entire development, we are ready to help.

Electrical Services

The electrical division at Axis is staffed with certified electricians and apprentices who can handle it all—plus there's no extra charge when we need to use our bucket truck.

Axis Mechanical Inc.

Axis Mechanical can take care of all your HVAC and Plumbing needs including installations, retrofits and repairs.
