

FSHP Annual Meeting Breakfast Symposium

Saturday, August 8 • 7:00 AM • Merritt Ballroom

Workflow Reimagined: Leveraging Technology for Greater Visibility and Efficiency

Saturday, August 8 • 7:00–8:00 AM ET

Navigating the evolving challenges of medication management – from staffing turnover and inventory uncertainty to disconnected care settings and clinical and operational pressures – requires a comprehensive, technology-driven approach to pharmacy care. Join us for an engaging panel discussion on how a connected medication management ecosystem supported by intelligent, guided workflows can lead to enhanced clinical and operational outcomes across the patient care journey.

Register today at <https://go.omnicell.com/fshp2026-symposium-register>

Why attend?

- Hear best practices for autonomous medication management
- Network with peers who are facing similar challenges
- Gain insight into how to advance your pharmacy care outcomes
