Our Mission

To advance pharmacy in South Florida through leadership, education, advocacy, and practice innovation across all health-systems.

Our Vision

To be the premier force of pharmacy excellence in South Florida, empowering diverse healthcare leaders to shape patient care and health-system practice.

Our Pillars

MULTIPLE SESH MEMBERS PROUDLY REPRESENTED OUR SOCIETY DURING THE LEGISLATIVE SESSION HELD IN FLORIDA'S CAPITOL

From Resolution to Legislation: Advancing Consultant Pharmacist Practice in Florida.

Dr. Yenya Silva and Dr. Vince Sung attended this session representing SESH in favor of advancing the profession. What began as a resolution by Dr. Frank Gentile, PharmD, BCOP, at the FSHP Annual Meeting has advanced into the legislative process as HB 1425/SB 1142. The resolution sought to expand practice locations where consultant pharmacists may work under collaborative practice—an important step reflecting the power of professional advocacy through FSHP. SESH is hopeful this legislation will become law, strengthening consultant pharmacists' role, expanding access to pharmacist-provided care, and supporting team-based healthcare delivery.

Special appreciation is extended to FSHP; Dorinda Segovia, PharmD, MBA; Kathy Baldwin, BS Pharm, MA, PharmD, BCPS, FFSHP, FASHP; Kenneth Komorny; and the FSHP Legal and Regulatory Affairs Council members who supported this initiative.

SESHP Members are Actively Making the Difference in the Community it Serves

SESHP members continue to demonstrate a strong commitment to community service through active participation in walks and awareness events supporting the fight against major disease states, including heart disease and lung cancer. These efforts reflect the chapter's dedication to promoting health, raising awareness, and standing alongside patients, families, and community partners affected by serious illnesses.

Special recognition is extended to Dr. Simon Leung for actively participating in the Heart Walk and to Dr. Frank Gentile for actively participating in the Lung Cancer Walk, both of whom helped inspire member engagement and reinforce SESHP's mission of service beyond the walls of pharmacy practice.

SESHP Celebrates the Pharmacy Residency Class of 2026

SESHP proudly celebrated the accomplishments of the Pharmacy Residency Class of 2026 during an unforgettable evening recognizing the dedication, perseverance, and achievements of this year's pharmacy residents. The graduation ceremony brought together residents, preceptors, mentors, colleagues, family, and friends to honor a year of professional growth and excellence.

The evening was filled with memorable moments as residents were recognized for successfully completing their residency training, received commemorative pins, and celebrated alongside the faculty and leaders who helped shape their journey. From heartfelt presentations and congratulatory photos to a lively photo booth, the event reflected the strong sense of community that defines SESHPh.

Congratulations to the SESHPharmacy Residency Class of 2026! We wish each graduate continued success as they advance the future of pharmacy through excellence, innovation, and compassionate patient care.
